

Collecting lawn mower 1500

Collecting mower designed for professional use with 1500 mm cutting width and 800 liter collector box. The high suction power makes it also possible to collect tree leaves on lawns. The blades cut the grass, tree leaves etc. to a fine mulch which packs tightly into the collector box.

Collector box volume is designed to be large enough for professional use also in larger areas. Lid opening is hydraulic and operated from Avant's driver seat. By lifting the loader boom and tilting the mower forward the collector box can be emptied into a container, skip etc. Collector box is pivoted in the front and can be tilted forward for easier maintenance. Two indicator arrows on the Optifloat® quick attach plate make adjustment of the floating very easy. The wheels are foam filled, puncture free rubber tyres.

- ✓ **Equipped with Optifloat® –system**
- ✓ **More cutting power for challenging mowing conditions**
- ✓ **Vacuum fan can be turned off and the unit can be used as a mulching mower only**
- ✓ **Rounded edges → less damage to trees, buildings etc. in case of contact**
- ✓ **Puncture free, foam filled tires**
- ✓ **Fast and easy floating adjustment with indicator arrows on the Optifloat®**

Option:
Mulching kit (complete assembly kit) A34530

Cutting width	1500 mm
Height	1100 mm
Blades	3 pcs
Cutting height	25 - 100 mm
Collector box volume	800 l
Product no	A37411

The optional Opticontrol® is recommended on the loader.
