

# Drum type concrete mixer

Electric Machine Compatible

Concrete mixing drum is a handy tool when you need to make concrete without electricity or when you need to transport or lift the concrete to a place that is hard to reach. Mixing is done hydraulically and emptying is done simply by tipping the drum forward.

- ✔ **Economical attachment for more occasional concrete mixing**
- ✔ **Easy way to make concrete in places where electricity is not available**
- ✔ **Ready mixed concrete is easy to transport and lift to desired place**

Volume	100/170 l (concrete/water)
Operation	hydraulic
Weight	65 kg
Product no	A36951
