

Electric Machine Compatible

Grapple bucket

Grapple bucket combines a normal bucket and a grapple and is therefore suitable for a multitude of jobs. It can be used for transporting and loading of branches, wood chips, compost, straw, manure, construction waste etc. It can also be used as a normal bucket with the grapple in the upright position.

- ✓ Versatile bucket for handling of loose materials
- ✓ Larger XL models with two cylinders intended especially for 700 and 800 series
