

## Heavy duty general bucket

Avant heavy duty general buckets are available with widths starting from 1300 mm. They are made of stronger materials, they are heavier and have more capacity than standard general buckets. This makes them ideal tools for harder earthmoving and material handling jobs, and the HD buckets are best suited for Avant 600 700 and 800 series.

Other features are the same as on standard general buckets: good visibility to the edge of the bucket, the inside of the bucket is completely plain and the sides open forward in a slight angle which guarantees easy and complete filling and emptying of all kinds of materials.

- ✓ **Heavy duty bucket for more demanding earthmoving and material handling jobs**
- ✓ **Excellent visibility to the edge of the bucket**
- ✓ **No reinforcement plates inside the bucket – easy filling and emptying**
- ✓ **High breakout force**
- ✓ **Strong cutting edge made of high tensile, abrasion resistant wear steel**

Width	Edge	Volume	Weight	Product no
1300 mm	Straight	370 l	126 kg	A36713
1450 mm	Straight	420 l	138 kg	A36712
1600 mm	Straight	460 l	150 kg	A36535
1600 mm XL	Straight	600 l	190 kg	A437578
