

Silage fork

Electric Machine Compatible

A robust silage fork equipped with a powerful hydraulic cylinder, can be fitted on all Avant loader models. The strong blade type pins of the grapple penetrate into all types of feed. The fork has replaceable lower tines made of reinforced steel. The grapple goes up to vertical position and this, together with the powerful cylinder enables easy grabbing e.g. on a round bale.

- ✔ **Compact model, which is well suited for silage distributing in small and confined places.**
- ✔ **The front edges on the forks are rounded, which offers a smaller turning diameter**
- ✔ **Mounting plate which increases tipping angle by 17 degrees is available as an option**

Width	Weight	Product no
800 mm	120 kg	A428328
900 mm	126 kg	A36299
1050 mm	138 kg	A36313
1300 mm	160 kg	A36319

Option:
Mounting plate which increases tipping angle by 17 degrees A36337
(only for special applications, risk of puncturing the front tyres)
