

Telescoping jib boom

Electric Machine Compatible

The hydraulically telescoping jib boom is a very efficient and versatile tool in all lifting jobs on the work site. The steplessly extending and retracting boom allows lifting to places that would otherwise be very hard to reach. Compact design with telescoping cylinder inside the boom makes work safe and easy.

The jib boom is equipped with a rotating lifting hook and durable wear pads on the outer boom.

- ✔ **Excellent outreach, as much as 3,4 m from the front wheels**
- ✔ **Max. lift height with 800 series as high as 5,22 m**
